I have been involved with active recreation for a number of years in Acton. My three children have all participated in a variety of sports in town, both school and non-school affiliated, and I have coached or directed activities in football and basketball. I believe Acton currently has a window of opportunity to expand its limited active recreation field space. I am very interested in helping ensure that the town do so effectively. My experience on the CPC has motivated me to volunteer for the Recreation Committee as well, and I'd be happy to serve as the Recreation Committee's representative to the CPC if called on to do so.
